SPECIAL SESSION MEETS

Also Requests Passage of Bill Pro-
viding For State Memorial to
Soldiers

(By United Press.)

Indianapolis, Ind., July 12.—The special session of the Indiana legislature, starting at 1:30 o'clock this afternoon, will complete its work by next Friday is the view of prominent republican legislators arriving here for the assembly.

Jesse Eschbach, chief of the state board of accounts, who was elected speaker, predicted that the meeting will be in the final stage by Friday unless unexpected developments prevent.

There appeared to be an effort today to limit the action of the legislature to purely emergency matters. Eschbach expected to urge the suspension of the rules, following the governor's message this afternoon, and immediately consider the appropriation bills which will provide money for the state institutions.

Immediately after convening this afternoon the house got down to business by the adoption of the resolution naming officials of the 71st general assembly as those of the present special session.

By this resolution, Jesse Eschbach was named as speaker of the house and his resignation as head of the state board of accounts was to be sent to the governor this afternoon.

Majority members of the house and senate were scheduled to caucus following adjournment today to take steps toward limitation.

Many of the members prepared to introduce bills not generally considered as emergency bills and if this is permitted, the session will go into the second week.

Representatives of the Indiana Federation of Farmers' Associations conferred with Governor Goodrich today regarding the proposed action of the legislature in legalizing horizontal property valuations declared illegal by the supreme court ruling.

Indianapolis, Ind., July 12.—The Indiana legislature met in special session today to consider revision of the tax law, appropriations for the state institutions, the purchase of a mine to supply coal for the state and other measures to be placed before it.

Convening at 1:30 this afternoon the senate and house went into joint session and heard Governor James P. Goodrich deliver his message recommending that it enact certain laws.

After calling attention to the increased cost of necessities and pointing to the economy of the state administration, Governor Goodrich recommended the following measures:

1. Amendment of the tax law to overcome the effects of the ruling of the supreme court which declared illegal, the horizontal increases in property valuations ordered by the tax board. The governor recommended these changes:

(a) That control over tax levies and bond issues be restored to local taxing units and bond issuing authorities, subject to such appeal as may be necessary to protect the interests of the tax-payer.

(b) That that section of the law exempting public securities be so amended as to make it clear that all bonds issued and payable out of revenue derived from taxation be exempt from taxation.

(c) That the section of the law exempting real estate from the lien of taxes be so amended as to make it clear that the state still retain its lien for taxes upon the real estate of the state.

2. Emergency appropriations to tide the state institutions over to September 30.

3. Amendment of the county unit road law so as to embody the sections lost in the enrolling room of the last regular session.

4. Appropriation of \$600,000 to

LOREN MEEK TO BE MANAGER

Employed by American Securities
Co., Recently Organized

Loren Meek, book keeper at the Rushville National bank, has been engaged as manager of the American Securities company, which was recently organized here. It was announced today. Mr. Meek will sever his connections with the bank within two weeks, but it is not known yet who his successor will be.

The securities company has rented the Cutter room, just east of the Rushville bank, and will open for business as soon as fixtures arrive.

BRAKEMAN SUFFERS
LOSS OF HIS LEGRay Dye, 23, of Columbus, Falls Under
Pennsylvania Train at
Falmouth Today

LEG AMPUTATED BELOW KNEE

Ray Dye, age 23 years, of Columbus, Ind., a brakeman on the Pennsylvania railroad, was seriously injured this morning in an accident at Falmouth where the train was engaged in switching, when the coal tender and three cars passed over his body, severing one of his legs just below the knee, mangling one of his hips and lacerating his head.

The brakeman had finished throwing open a switch, and was climbing on the engine, when he missed his footing, and fell underneath of the coal car. Before the engine could be stopped, the coal car and three other cars had passed over his body.

Dr. J. E. Walthers of Glenwood was summoned, and his leg was amputated below the knee. His condition was extremely serious. He was removed to Shelbyville and will later be taken to his home in Columbus. Dye was a brakeman on the southbound local freight, and it is understood that he is a married man with a family.

A motor truck started out this morning, down the New Salem pike gathering articles for the Salvation Army Home Service fund, the campaign for which failed to raise the allotted amount in this county.

Produce, clothing and household goods will be accepted and will be placed on sale next week under the auspices of a local charitable organization. The exact location of the sale has not been determined. Trucks will visit all parts of the county this week.

CONFERENCE OPENS TODAY

Rural School Superintendents Are
in Session at Bloomington

(By United Press.)

Bloomington, Ind., July 12.—A five day conference of rural school superintendents was opened here today under auspices of the state university.

State Superintendent L. N. Hines made the opening address. The conference was regarded as the climax of the "Better country school movement." It has been promoted for several months by rural superintendents.

Among speakers were to be J. W. Frazier, Charles O. Williams, J. A. Van Osdel, president of the Indiana state chamber of commerce.

SPEAKS AT GOWDY CHURCH

NEW TRAINS FAIL
TO HELP SITUATIONNeither of C. I. & W. Passenger
Trains Carry Rushville Mail and
Stops Only on Signal

LOCAL PETITION IS STARTED

Connersville Chamber of Commerce
to Send Delegation to Cincinnati
At Once

The two new passenger trains that were added to the C. I. & W. schedule yesterday, were found to be of little value to Rushville in that neither train is scheduled for a stop here unless there are passengers, and that neither train will carry mail or express for this city. It was hoped that the early morning train from Chicago, arriving here at 5:35, would carry mail, as the bulk of the day's mail comes from the west, and now arrives at 7:05, which makes a delay in city and rural deliveries.

The two new passenger trains stop only at Connersville and Hamilton, but will stop here for passengers if signalled. A movement was on foot this morning among local business and factory men to secure a petition, requesting that the two trains stop here on a schedule, and leave mail, which would make it possible for business houses and factories to receive their morning mail by seven o'clock, each day.

Neither train carries mail for Connersville and the manufacturers and retail dealers of that city are up in arms over the affair as they had expected relief when the new trains were added, especially when the eastbound train was put on, because the late arrival of westbound mail makes the situation worse for Connersville than Rushville. The train is due there a half hour later than in Rushville.

The Chamber of Commerce of Connersville has taken up the matter according to word from that city today, and a delegation of manufacturers was making plans today to make a trip to Cincinnati to interview the C. I. & W. authorities.

This is not the first time that difficulty has arisen over the early mail from the west. Since the war started the mail service has scarcely ever been satisfactory, due to the late arrival of the first train from the west in the morning.

The Connersville Chamber of Commerce asks the co-operation of Rushville manufacturers and retail merchants in seeking to improve the situation and Rushville business men were preparing today to let their sentiment be known in the form of a petition which was prepared and was to be circulated.

L. C. Snodgrass, C. I. & W. agent was under the impression Saturday that both trains would carry mail for Rushville, as they were designated on the time card which he received, as mail trains. He has no other information in regard to the trains except the time card.

SPEND DAY AT CITY PARK

People From All Parts of County
Attend Revival Sunday

The Sunday services at the revival meetings being held in the coliseum by the United Brethren church were well attended. People from all sections of the county came and spent the day there. Evangelist Carter preached a very earnest sermon at 10:30 a. m. The Rev. Mr. Addington of the Friends church preached at 2:30 o'clock to a very responsive audience, after which followed the praise service in which many took part.

Evangelist Towns preached last night. Men and women are being greatly helped in these meetings, it is reported. There will be services every afternoon and night of this week and the revival will close with an all day meeting next Sunday.

BIDS ON JACKSON
SCHOOL SUBMITTEDThree Estimates on General Con-
tract Vary \$20,000, But Award
Not Made at 3 O'clock.

PLUMBING BIDS ALSO OPENED

Ground Already Condemned For Site
But Price Will be Fixed in
the Circuit Court.

Three contractors offered bids today for the general construction of the new consolidated Jackson school building, which was to be awarded today by Alva Newhouse, trustee of the township and the advisory board but at three o'clock this afternoon no decision on the bids had been reached, although they varied \$20,000 between the lowest and highest bid.

The three bids for general construction were made by Morris Winship of this city, \$54,500; State Construction Company, Indianapolis, \$71,675, and Barringer & Tumulty, Greensburg, \$75,213.

Besides the bids received on general construction, O. W. Price submitted the following bids, \$8,371.04 for plumbing and \$7,636 for heating and ventilating. Beale Brothers for the same work submitted a bid of \$16,775.

F. D. Ogborn was the only bidder for electrical installation and equipment, offering a Delco-Light system for \$600.

Before opening the bids an understanding was had between the bidders and the township advisory council, that the building was to be erected upon selling the bonds, which will be six percent denomination. Mr. Newhouse stated that a banker had just as good as promised a sale of the bonds, but one of the contractors stated that school bonds were not selling very good.

The school ground upon which the building is to be erected is now before the circuit court to fix a price as the three appraisers who were recently appointed to place an assessment on it, appraised it at \$5,000, which the township authorities deemed was too much, and filed exceptions to the appraisement value.

At that time, it was pointed out that in case the contract for the building was allowed, construction could be begun, and the price decided upon later by the court, as the land had been previously condemned for school building purposes.

GOV. COX GREET'S ROOSEVELT

Democratic Nominee Meets Running
Mate at Columbus.

(By United Press.)

Columbus, Ohio, July 12.—With a "delightful greeting" that was similar to Theodore Roosevelt, Franklin D. Roosevelt, greeted his running mate, Governor James M. Cox, at the station here this afternoon.

After the exchange of congratulations the two nominees went immediately to the executive mansion for the first important political conference of the campaign. Judge T. T. Ansberry, Washington, who nominated Roosevelt, will attend the meeting.

Roosevelt declined to make any statement. "Democracy records will be vindicated at the polls in November," Governor Cox predicted today in reply to the welcome given him by citizens of the state capitol.

BOY KILLED BY INTERURBAN

Glen Puckett Goes to Sleep on Track
South of Spiceland.

Glen Puckett, a Knightstown boy, was killed by an interurban car Saturday night, south of Spiceland, according to word received here today.

It is presumed that while waiting for a car, the boy went to sleep on the track and was run over by the car. The accident happened about nine o'clock. Puckett's body was taken on the car and the remains were removed to the home of his parents in Knightstown.

WEEDS ALONG ROAD
VIEWED AS MENACEThey Are Unsightly and Give Poor
Impression of County, Accord-
ing to Opinion of Many

A LAW TO COMPEL CUTTING

Many persons have remarked lately about the condition of strips of ground along the roads throughout the county because the weeds have not been cut. The comment has been made freely that the proper officials should compel the cutting of the weeds by the persons whose duty it is to do the work.

"I have been trying to find out who should cut the weeds or have it done," said a Rushville man yesterday evening. "I have inquired of county and township officials who all agree that there is a law which says they shall be cut, but none of them knows who is responsible."

It is a discredit to the county the way the country roads are. What will a stranger, driving through here think of a county which does not take pride enough to cut the weeds along the roads. They are unsightly and spoil the beauties of some of the finest drives in Indiana, which are to be found right here in Rush county. It does seem that farmers who own this high priced Rush county land would have enough interest in their own property to see that the weeds are cut. Anyway, I register a complaint right here and I hope the proper authorities will take it to heart and get busy."

FACES NEW CHARGE TODAY

Percy Allen of Indianapolis Also
Accused of Sodomy

Percy Allen, the interior decorator who was arrested Friday night on a charge of encouraging delinquency of a minor, today faced another charge of sodomy, and was released from jail upon payment of \$500 cash bond, the \$1,000 bond in the case being lowered to that amount, and was furnished in cash. He waived preliminary hearing. The two charges against him are considered to be of a most serious nature, and the prosecuting witness is Howard Woods, an 11 year old boy. Allen is 40 years old, and is a resident of Indianapolis.

CUPID WAS BUSY IN JUNE

Marion County Grants 718 Marriage
Licenses During Month

(By United Press.)

Indianapolis, Ind., July 12.—"Extra duty for Cupid last month," commented Miss Margaret Mahoney, clerk of the Marion county marriage bureau today.

Seven hundred and eighteen licenses were issued during June. If July licenses are issued at the present rate, another record is in line for breakage.

"Many of the applicants were just of age and many had to ask the consent of their parents," Miss Mahoney said in commenting on the youthful appearance of many applicants.

An ice cream festival will be given Thursday night July 15 at the Centerville church. The public is cordially invited to attend.

THOUGHT SUFFERER
WITH SHELL SHOCKEmery E. Ayres, Who Stole Corn in
Rush County, Believed to be
Temporarily Insane

SET FREE ONCE BY COURT

Arrested Again For Stealing Auto-
mobile, Escapes From Jail and
is Recaptured

Emery E. Ayres, the young man from Indianapolis who was arrested about three weeks ago in Knightstown, being found in possession of a stolen automobile, and some corn, which he later admitted belonged to Jesse Wilson of near Mays, and who has been held in the Marion county jail, along with Harry Hardacre and Lawrence Belles, also of Indianapolis, charged with vehicle taking is believed to be temporarily insane, and a continuance in his case has been granted. Ayres also stole corn off the V. W. Norris farm northeast of here and sold it, but the money was recovered.

The following Indianapolis dispatch explains the situation:

"The case against Emery E. Ayres, Harry Hardacre and Lawrence Belles, charged with vehicle taking, was continued indefinitely in Criminal court yesterday, pending the recapture of Hardacre, who escaped from the jail Monday morning, and the examination of Ayres by a sanity commission. Blythe Q. Hendricks, attorney for Ayres, requested that an examination of Ayres be made. Ayres was arrested on a charge of vehicle taking three weeks ago and was released without bond by Judge Collins after a showing that he participated in seven major engagements in the world war.

A week later he was arrested with Hardacre and Belles in another automobile theft case. He escaped from jail but was rearrested at his home. He was playing a dance record on a phonograph at the time the police entered the house. Mr. Hendricks said that he expects to prove that Ayres has become mentally unbalanced as a result of shell shock. Hardacre was last reported to have been seen near Lexington, Ky., when he is said to have entered a special car occupied by prisoners bound for Atlanta, Ga., Tuesday night. C. E. Whicker, United States deputy marshal, did not know the man, but after he left the train one of the prisoners realized that he recognized Hardacre.

ASK AUTHORITY TO MERGE

Express Companies Want Permis-
sion to Consolidate

(By United Press.)

Washington, July 12.—The American railway express companies today asked the interstate commerce commission to authorize the consolidation of the express transportation business. The consolidation would take in the Adams, American, Wells Fargo and Southern express companies.

George T. Thomas, president of the American Express company, told the commission the express companies needed \$31,000,000 to carry on the business. As a consolidated organization they would have no trouble borrowing this amount, but individual companies would have difficulty, Thomas declared.

FINGER IS AMPUTATED

Ira W. Brookbank, suffered a painful injury late Saturday afternoon while putting up hay on the Harley Wiley farm near Moscow, when he caught his third finger on his left hand in a pulley, and mashing it, causing the finger to be amputated at the first joint. The injury was most painful, but today Mr. Brookbank was reported to be recovering.

"HAPPIEST MAN IN STATE OF INDIANA"

Lambert Was Worried About Wife—Rejoices Now Over Restoration to Health

"You can tell them Tanlae has helped my wife, too, and of all the people who have made statements about being benefited I don't believe any have more cause to feel thankful," said Grover Lambert, 24 South Sixth Street, Terre Haute, Ind., in conversation with a Tanlae representative, a few days ago.

Mr. Lambert is proprietor of the Terre Haute Barber Supply Company, and his standing and influence as a business man and citizen are too well known to require further comment.

"Tanlae has brought health and happiness to my wife," added Mr. Lambert "and has made me the happiest man in all Indiana. About a year ago, while the 'flu' was going the rounds she had a very serious case. I thought she would never recover and when she did finally get up she was as weak as a baby and nothing seemed to help her regain her strength. She was left without any appetite and with such a badly deranged stomach that she could hardly eat anything. She complained of a dull pain in her stomach and suffered all the time with indigestion. Her kidneys worried her constantly and her back pained her so severely that she could hardly stand it. She could neither cook our meals or do any of her housework and had to remain in bed for week at a time. She was so nervous that the door bell or telephone ringing or any little noise would upset her.

"She felt discouraged and despondent and several times I was greatly worried because her chances of recovery seemed so slim. But some wonderful things happened in this world and the way Tanlae has helped her is one of them. One afternoon while looking over the paper I noticed Tanlae recommended so highly that I bought a bottle. The first bottle did not seem to help her much, but after taking the second bottle I noticed some difference in the way she rested at night and by the time she had finished her fifth bottle she was like an entirely different woman. She can eat anything she wants and as much as she wants without the least trouble from it. Her nerves have quieted down until she sleeps the whole night through and gets up mornings feeling fine. She is now doing all her housework, including the cooking, and we sit down and enjoy our meals together like we did in the good old days before she was taken sick. She has a good healthy color and I can tell from the way her face has filled out that she has gained several pounds in weight. She says life is worth living now, and words cannot express the gratitude I really feel over what Tanlae has done for her."

Tanlae is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, and in Carthage by Otto C. McCarty.—(Adv.)

GOV. COX TO PROPOSE TWO RESERVATIONS

When Democratic Presidential Nominee Visits White House He Will Ask President to Back Him

CONSIDERED ISSUE CAREFULLY

Dayton, Ohio, July 12.—James E. Cox democratic presidential nominee in his forthcoming visit to the White House will urge President Wilson to back him in two proposed reservations to the league of nations covenant, it was learned today from an unquestionable source close to the Ohio governor.

The first provides that the United States enter the league of nations with the understanding of all members that the American congress alone shall say whether this country shall enter a war. The second is a determined stipulation that all members of the league agree that the main purpose shall be to prevent war.

Cox, it is known, plans to assume to take the leadership of his party on these reservations. He has been giving the whole issue careful consideration during the past few weeks and expects to make a statement of his plans after the conference with the president and other leading democrats.

Washington, July 12.—The two league of nations reservations to be proposed by Governor Cox, democratic presidential nominee, will probably prove acceptable to President Wilson, it was indicated at the White House, where it was said that the two reservations were purely interpretative and Wilson has never opposed interpretative reservations.

WILL ARBITRATE DISPUTE

(By United Press.)

Spa, Belgium, July 12.—Decision to arbitrate the question of German's coal deliveries was reached by the convention of allied and German representatives here today, thereby avoiding the threatened crisis arising from the German refusal to meet the allied demands for fuel. The question was referred to a commission of German and allied experts and they will decide on a fair basis on which the convention will agree.

German reparation was the last

matter to be considered. Saturday's conference was enlivened by Foreign Minister Koons who announced in a defiant tone that it was impossible for Germany to comply with the allies coal demand. He suggested a committee of investigation be appointed to look into the coal situation in Germany and report to the allied supreme council.

Story of Village Life

"Seeing It Through," at the Mystic today, tells the charming love affair and crisis in the life of Betty Lawrence. She is a girl who lives with her widowed mother in the little village of Arden. Her mother is not in good health, and after a time is forced to go to a sanitarium to recuperate. This is only made possible by a loan from a strange sinister character of the neighborhood named Ichabod Bogrum.

The little home of Betty and her mother, which is situated in the edge of the Carrington estate, is leased to a rather worthless and slovenly family named Tweeney, through Bogrum. He suggests that Betty come to his house and work for him while her mother is away. The girl is sorely disappointed in the home she finds with Bogrum, but decides not to tell her mother of the disagreeable turn of events, fearing to make her mother worse.

One day she meets Jim Carrington, heir to the Carrington estate, who has been away to war, and the pair fall in love. Betty's mother dies, and she runs away from the home of Bogrum, who, all along, has been plotting to get possession of the Lawrence cottage, and sell it to the Carrington estate. In the end, old Bogrum is brought to justice, and Betty marries Jim, while the careless family in the cottage is brought along the way to good citizenship by the teachings of Betty.

"Fair and Warmer" at Princess

Just ten year ago a pathetic looking young man got off the Cleveland Express in Jersey City. He was the tallest thing you ever saw, blond, pale and disconsolate and unknown. He immediately invested the savings of hard years as a reporter on the Cleveland "Leader" in a New York hall bedroom and a typewriter and made four carbon copies of a play he had brought with him. He set it to four managers at once. Brady got it because he telegraphed his acceptance, while the three others waited to write theirs. The play was "Clothes," the author was Avery Hopwood. His greatest farce, "Fair and Warmer" will be seen on the Princess Theatre screen today and Tuesday starring May Allison.

Oh yes, such things do happen. You can verify this from Hopwood any night you can catch him at The Lambs. He is still tall but no longer quite so pathetic. "Clothes" made money for everybody connected with it, even the author. His share of the loot he spent in doing the gentleman adventurer act all over the market from Paris to Wiesnichwo, buying himself learning and experience. Also "Clothes" first introduced him to Grace George. They dance together divinely now and make a wonderful pair, both so blond and slim and straight.

Disease Germs Must Be Eliminated From the Blood.

Eczema, tetter, boils, pimples, ulcers, irritations and scalp eruptions, as well as all other forms of skin diseases, come from a disordered condition of the blood. They must be cured through the blood, and this explains why local treatment fails so absolutely.

The radical and rational treatment is to take a thorough course of S.S.S., which will rout out the disease germs from your blood, your complexion will begin to clear up and you will soon be rid of the disease as thousands of others have.

Get a bottle of S.S.S. today, write to our head physician, who will gladly give you full medical advice without charge. Address: Medical Director, Swift Laboratory, Atlanta, Ga.

Here are ten (10) of the most vital parts of the Phonograph and points which every owner and every prospective owner of a phonograph should learn thoroughly before purchasing a phonograph of any kind, or make.

If you were going to purchase an automobile you would certainly demand all of these facts and more, so why not demand them of your local phonograph dealer.

During the months of July and August, our Phonograph SERVICE Department will be at your disposal. We will be glad to inform you upon any phonograph subject that you may wish to learn about. Our services are free for the asking.

We will make practical demonstrations—showing parts, material used, etc. It will be an interesting demonstration for you to witness, whether you have a phonograph or not.

We cordially invite you to call at our salesroom any time. Upon request we will mail information and literature covering any of the ten vital phonograph points.

A Newspaper Man Asks Infor- mation About Gasoline Prices

"WHAT are the reasons for the advance in gasoline prices?" was asked by the President of a large daily newspaper.

Continuing, the gentleman said: "I can conceive how the cost of a manufactured article might increase as much as 50 to 100 percent because of the increased cost of raw materials, labor, etc.; but it has always seemed to me that the price of a product taken from the ground at a comparatively low cost should not be affected to any marked degree."

This constitutes a fair question, and we are glad of an opportunity to answer it frankly.

Gasoline is refined from crude petroleum by a lengthy and expensive process, and is, in the truest sense, a manufactured article. Time, labor, and heavy investments enter into the manufacture of gasoline from the crude, and each of these necessarily affect the price.

The cost of crude is a dominant factor in fixing the price of gasoline.

The extraordinary demand for petroleum products, plus the abnormal increases in the cost of labor, machinery, and money necessary for drilling and equipping oil wells, have combined to force upwards the price of crude oil f. o. b. Whiting from \$1.54 to \$4.30 per barrel in four years, nearly 180 percent.

For the same period the selling price of gasoline has increased but 44 percent.

Since the Armistice was signed, the production of automobiles, tractors, trucks, and other power using machinery, has created a demand for gasoline far in excess of normal. Gasoline reserves have been reduced to an alarming extent, and the bidding for crude oil on the part of refiners generally, has forced prices upward.

The Standard Oil Company (Indiana) having practically no wells of its own is obliged to go into the open market and compete with other refiners for the crude oil it requires.

Because of its acknowledged superior efficiency in manufacturing, the Standard Oil Company (Indiana) despite these conditions has been able to exert a marked deterrent pressure upon the upward sweep of the gasoline market.

This bank is a member of the Federal Reserve Bank system, which was formed for these main purposes:

1. To assist business men and farmers by enabling banks that are members of the system to take better care of their customers' needs and by keeping interest rates steady.
2. To assist the United States Government in its banking and borrowing transactions.
3. To keep on hand a sufficient supply of currency available to the member banks for the payrolls and other needs of their depositors, thus doing away with panics.
4. To act as a "shock absorber" by lending freely in tense times.

Through our membership we are enabled to place these superior facilities at the service of our depositors.

Some Interesting Figures

It appears that the principal things soldiers need to fight with—guns, shells, gas, aeroplanes, tanks, etc.—they did not get from America in the last war although this country spent money like water trying to provide them. The Ordnance department of the War department spent \$3,991,489,570.48 from the beginning of the war until June 1, 1919, as much as it cost to finance the entire Civil war. A large part of it was spent in a program of manufacturing artillery and ammunition. All of the facts and figures were compiled by the House Committee on Expenditures in the War department and this committee reveals that the following is all we got for our money:

We had 53 contracts for 37-millimeter shells on which we expended \$9,134,582. Not one of these shells ever reached our firing line.

We had 689 contracts for 75 millimeter shells on which we expended \$301,941,459. Of these shells we fired 6,000.

We had 142 contracts for 3-inch shells on which we expended \$44,841,844. None of these shells reached the firing line.

We had 439 contracts for 4.7 shells on which we expended \$41,716,051. Of these shells 14,000 were fired by our forces.

We had 305 contracts for 6-inch shells on which we expended \$24,489,075. None of these ever reached the firing line.

We had 617 contracts for 155 millimeter shells on which we expended \$264,955,387. None of these ever reached the firing line.

We had 301 contracts for 8-inch shells on which we expended \$51,371,207. None of these ever reached the firing line.

We had 152 contracts for 240-millimeter shells on which we expended \$24,136,867. None of these shells ever reached the firing line.

We had 239 contracts for 9.2 shells on which we expended \$54,389,377. None of these ever reached the firing line.

We let 111 contracts to the amount of \$478,828,345 for the construction of artillery of all calibres, guns, howitzers, gun carriages, limbers and recuperators. Of this immense program of expenditures there reached our troops and were actually used in combat 39 75 millimeter anti-aircraft mount trucks, 48 4.7 inch guns of the 1906 model, 48 4.7 inch gun carriages of the same model, 24 8-inch howitzers and 24 8-inch gun carriages.

To sum up we furnished our troops for use 6,000 of the 75 millimeter shells, 14,000 of the 4.7 shells, 48 of the 4.7 guns and only 24 8-inch howitzers.

While Attorney General Palmer was using the government's time and high cost of living investigation organization to promote his candidacy for the democratic nomination for president, he might have acted on the recommendation of the special senate committee which urged the prosecution of newspaper manufacturers whose profiteering has resulted in many small newspapers being compelled to go out of business.

If Congress later on undertakes to legislate campaign funds, as there is talk that it will, it will fall far short if it does not reach to the subject of propaganda put out at public expense by officials who aspire to the presidency. A public office should not be prostituted into an advertising agency for the official that holds that office. Never before the present administration, has this reprehensible practice been so flagrantly prevalent.

(By United Press.)

New York, July 12.—New York will hold the center of the stage in amateur boxing and wrestling today and tomorrow during the final trials that will determine the makeup of the glove and matt men of Uncle Sam's Olympic team.

The boxing finals are to be held in the 69th Regiment Armory and they will bring together the winners of the sectional trials held in Los Angeles, Philadelphia, Boston and Pittsburgh.

The wrestling classes will comprise both the Greco-Roman and the catch-as-catch-can style in 121, 135, 154, 178 and heavyweight divisions.

Winners of both the boxing and wrestling finals will sail July 20 on an army transport with the track and field team and the swimmers for Antwerp.

 5. Increase in newspaper rates for legal advertising.
 6. Provision for paying county auditors and treasurers the per diem due them for service on equalization boards, which was taken from them by the present tax law.
 7. Provision for a state memorial to soldiers of the world war in the form of a building in Indianapolis.
 8. Raising the rate of interest on all public securities to six percent.
 9. Abolishment of the present em-

ployment commission and the assumption of its duties by the industrial board.
 10. Amendment of the election law to facilitate the handling of women voters.
 11. Amendment of the depository law so as to force public officials to deposit all funds under this law.
 "This extraordinary session has been called to meet certain grave emergencies in the state's affairs that could not be postponed until the next regular session which convenes in a few months," the governor said in conclusion. "I hope that these important measures may receive the undivided attention of

the general assembly and that its deliberations may be concluded at the earliest possible moment."
 Governor Goodrich praised the present tax law. He said that the tax board has had power to equalize assessments by horizontal increases since 1891, before he briefly reviewed the litigation surrounding the supreme court's decision.
 "A petition for re-hearing has been filed and will be earnestly pressed," the governor continued. "No decision, however, can be reached before the October term of court. In the meantime, the chaotic condition obtains in the fiscal affairs of the various taxing units of the state.

"To permit all the horizontal increases to be set aside would result in gross and widespread injustices, would make necessary the examination of every tax return in the state affected by the horizontal increases and the writing of new tax receipts throughout the state and a sufficient increase in the tax levies to meet whatever reduction would result from the change with the inevitable result that all property not affected by the horizontal increases would be taxed much higher than other classes of property so affected."
 "I recommend therefore that the acts of the tax board in making hor-

izontal increases be legalized."
 Regarding the state-owned coal mine, the governor called attention to inability of the state purchasing committee to buy coal for the state institutions. He said the present coal shortage is due largely to the shortage of coal cars.
 The plan as outlined by the governor would be to give the state purchasing committee the power of eminent domain so as to enable it to take over the mine by condemnation if necessary. To overcome the coal situation so far as possible, the governor asked the legislature to extend the priority power of the public service commission to the

supplies for state institutions, putting these on a par with livestock and perishable shipments.

SOCIETY

Mr. and Mrs. Irvin Walker of Gings and Mr. and Mrs. Ray White were the dinner guests yesterday of Mr. and Mrs. Wayne Werking at their home in Raleigh.

The Misses Mary Whitton, Hazel Wilson and Nellie Kirkham and Harold Steele, Teddie Stoten and Wil Huntsinger, all of Mays, enjoyed a picnic yesterday at Hillsdale Park, near Greensburg.

The S. E. T. club is planning to hold a picnic for next Friday, and all of the members are urged to communicate with each other and assist in the plans. The place for holding the picnic has not been decided upon.

The Ladies Aid Society of the First United Presbyterian church will be entertained tomorrow afternoon at the home of Mrs. Sarah Kennard in West Second street. All the ladies are urged to attend this meeting.

The name of Mrs. Clara Ruddell was unintentionally omitted in the list of names of the women attending the pitch-in dinner given at the home of Mrs. Edwin Lee, honoring Mrs. Lillie Armstrong of Jackson, Mo., Friday.

Mr. and Mrs. John Parrish and family and Margery Parrish of Indianapolis were the week-end guests of Mr. and Mrs. Hubert Innis of near Milroy. Mr. and Mrs. Jake Parrish entertained with a dinner party today at noon in honor of Mr. and Mrs. Innis' guests.

Mr. and Mrs. E. R. Casady entertained with a prettily appointed six o'clock dinner party last evening at their home in North Main street, the following guests: Dr. and Mrs. J. E. Walther of Glenwood, Mrs. Alice Bennett of Chicago, Mr. and Mrs. Will Bennett and daughter Alice Frances and Miss Irene Geraghty.

The Ladies Aid Society of the Pleasant Ridge M. E. church will meet Wednesday afternoon at the home of Mrs. W. E. Jones southwest of the city. All members of the society are urgently requested to attend this meeting.

The meeting of the Loyal Daughters class of the Main Street Christian church which was to have been held at the home of Mrs. Harry McManus Tuesday evening, has been postponed until week from Tuesday evening and at that time it will meet with Mrs. McManus.

The approaching marriage of Miss Grace Couch, daughter of Mr. and Mrs. Will Couch of this city to William O'Brien of Connersville, was announced yesterday morning at the St. Mary's Catholic church. Both young people are well known in this city. The marriage will take place in three weeks.

The Psi Iota Xi sorority will be entertained tomorrow afternoon at the home of Miss Gladys Wallace in North Perkins street. The party will be in honor of Miss Jeanette Clark, who will be united in marriage to Floyd Kirklin of Muncie the latter part of the week. The assisting hostesses will be the Misses Leah Flint and Mary Jane Carr.

Mr. and Mrs. J. H. Scholl entertained a number of guests yesterday at a family dinner and among those present from Connersville and vicinity were Mr. and Mrs. W. H. Scholl Mr. and Mrs. Lewis Scholl and sons John and David, Mr. and Mrs. George Junkins and son Faye, Mr. and Mrs. Elmer Newland and son Donald, Mr. and Mrs. Forrest Showalter and son Frederick, Mr. and Mrs. Lloyd Williamson, Mrs. Nellie V. Stelle, Miss Emma White and Estey R. Scholl.

Former residents of Circleville held a reunion at Riverside Park, Indianapolis, yesterday. At noon

those present enjoyed a bountiful pitch-in dinner. The guests were Miss Mazie Boyd, Mr. and Mrs. Sam Finney, Mr. and Mrs. Forbes Yaw and Jesse Bailey of Rushville; Mr. and Mrs. Harold Miller, Mr. and Mrs. Cyrus Hall, Mr. and Mrs. Harry Hall of Indianapolis, Mr. and Mrs. Barton Caldwell of Southport, Mr. and Mrs. Ray McDonald of Greenwood and Mr. and Mrs. Walter Hall of Shelbyville. The day was an immense success and the same crowd hopes to hold a reunion again next year at the same time.

Mr. and Mrs. Ernest Linville were delightfully surprised Friday evening at their home west of the city, honoring Mrs. Linville's birthday anniversary. A bountiful pitch-in supper was served and the guests enjoyed the evening in dancing and playing games. Music was furnished throughout the evening by Tom Miller and Waldo McQuire, violinists, William Mansfield on the guitar and Mr. Linville at the piano. Those present were Mr. and Mrs. Tom Meek, Mr. and Mrs. Willard Brown, Mr. and Mrs. W. W. Wilcoxen, Mr. and Mrs. Thomas Miller, Mr. and Mrs. John Gibson and daughter Frances, Mr. and Mrs. John Warfield and family, Mr. and Mrs. Waldo McQuire and daughters Olive and Fae, and the Misses Opal, Reta, Ruby, Pearl and Fae Linville, Alta Mae Byrd and Marjorie Byrd and Dallas Byrd, Harley McQuire, Herbert Stevens, William Mansfield, and Forrest and Parvel Moore.

Miss Leah Marie Butler, daughter of Mr. and Mrs. John A. Butler of Carthage, and Charles Lindley Finney, son of Mr. and Mrs. Alonzo Finney of Anderson, were married late Saturday afternoon by the Rev. C. S. Black at St. Paul's M. E. church parsonage. The father and sister of the bride witnessed the ceremony. Mr. and Mrs. Finney left immediately for Anderson where they will reside. Mr. Finney has a position in an automobile factory in Anderson.

INDIANA WOMEN ARE GOING ABROAD

Selected Party of Women Will Leave N. Y. Aug. 7 and Begin a Tour of Western Europe

3 INDIANA WOMEN IN CROWD

Will Travel Under The Protection of The State Department of the Government

Indiana is to be represented in the personnel of the party comprising the United States Women's Special, which will leave New York, August 7, on the S. S. Patria of the Fabre Steamship Line, and begin a tour of Western Europe at Naples, Italy, on August 20. This is the crowning event of the half century of organized effort of womankind. This great honor is accorded to thirty women in the United States. Mrs. S. R. Artman of Indianapolis and Mrs. W. D. Clark and Mrs. Geo. E. Leggett of Winchester will be in the party.

The party is composed of the President of the National Council of Women, Mrs. Philip North Moore of St. Louis, Mo., ten delegates and ten alternates from the National Council of Women of the United States, whose final destination is Christiania, Norway, where the International Council of Women will hold their Quinquennial Convention in September. The remainder of the party is made up of invited guests chosen to represent various sections of the country or some special club activities. The party will occupy a private car and be accompanied by a special physician and a competent secretary and an official attache.

The party travels under the protection of the State Department of the government, and will be received in each of the countries they pass through officially. Arrangements have already been completed to have the party received by the King and Queen of Italy, Queen Maude of Norway, and many other officials of distinction. In each country they will be officially received by the National Council of Women in that country, and the ladies will be given

an opportunity to see conditions as they really are, unbiased social workers in these countries will give them the correct conception of existing conditions.

William E. Bell, Vice President and General Manager of the American International Traffic & Travel Bureau, of New York City, is personally taking charge of the details of the journey, much to the gratification of the party.

A special feature will be an auto tour of the battlefields. After touring Western Europe and attending the International Convention, the party will visit Great Britain and will be received by Lady Aberdeen, the Marchioness of Aberdeen and Temair. The party is due to arrive back in America, October 17th, on board the S. S. Stavangerfjord of the Norwegian Line, after being guests of the National Council of Women of Great Britain and Ireland at their annual meeting in Bristol.

These delegates from the United States represent 13 million women, because the National Council of Women is the great clearing house for practically all the national organizations of women in the country. Its membership includes groups working along many and various specialized lines such as the Ladies of the G. A. R., the National Federation of Colored Women, Ladies of the Maccabees, Federated Musical the Maccabees, Federated Musical Temperance Union, as well as such organizations as those of the College Women, General Federation of Women's Clubs, National League of Women Voters, and allied organizations working along lines of education and culture. It practically includes all the organized womanhood. There are twenty nine organizations belonging to it.

The officers of the United States Council are: President, Mrs. Philip North Moore, of St. Louis, First Vice President, Mrs. Nathaniel E. Harris, of Bradford, Pa.; Second Vice President, Mrs. Frances E. Burns, St. Louis, Mich.; Third Vice President, Mrs. Josephus Daniels, of Washington, D. C. Fourth Vice President, Prof. Marion P. Whitney, of Vassar College, Poughkeepsie, N. Y. Miss Helen Taft, of Bryn Mawr College, Pa. Recording Secretary, Mrs. Myra Kingman Miller of New York City, Corresponding Secretary, Dr. Emma E. Bower, Port Huron, Mich.,

Treasurer, Mrs. Ruth May Fox, Salt Lake City, Utah, Auditor, Miss Lucy F. Anthony, Moylan, Pa., Historian.

Thirty civilized nations have National Councils of Women that in turn belong to the International Council of Women which is the world's clearing house for the activities of womankind. The party, therefore which attends this convention and tours Europe under these most unusual conditions and interesting arrangements in this period of the world's history occupies an unparalleled position; unequaled in its potentialities.

R. A. F. Secures Order to Provide Cats to Catch Mice That Are Destructive in Planes

ALLOWED 8 CENTS A WEEK

(By United Press.) London, (By Mail)—Twenty cats have enlisted in the Royal Air Force.

At a vast R. A. F. depot in outer London, owing to the ravages of mice among the stores of blankets, parachutes, etc., application was made to headquarters for twenty cats to be officially recognized as mouse catchers.

Official permission was given, and it came back with all the formality of a grant for twenty airplanes. It was headed: "Grant for Upkeep of Cats," and continued thiswise:

"I am directed to inform you that approval is given for the expenditure of fourpence (8 cents) per cat per week on food. The claim should be preferred through the General Services Pay Officer. I am to request that you will state how many cats you consider necessary, etc., etc."

The depot is now known as "The Cats' Paradise," for they work only when they feel inclined and plenty of "grub" is assured.

Have Pains?

Aches and pains seem to be the lot
of the ordinary mortal. However, these
should be taken simply as nature's
warning signals that some part of the
human machine is out of order. It is a
mistake to resign one's self to physical
torment when the cause can be removed.

Isaac B. Turnman, Ashbury Park, N.J., writes:
"My back caused me a great deal of trouble for
some time. I experienced sharp, shooting pains
which were due to the condition of my kidneys.
One bottle of Foley Kidney Pills completely
relieved me. The pains left my back. I recom-
mend Foley Kidney Pills to my friends."

IT WILL HAVE BEEN 15 YEARS SINCE WE OPENED OUR LITTLE STORE IN RUSHVILLE.

In that time we have seen a complete change in the personnel of the grocery business, not a firm remains the same and only two men are in the business that were in it at that time. Through all these years we have been growing and today the volume of our business is greater than ever before. The fact that we have grown and are still growing is the best argument we have to offer in asking for your patronage. Folks don't continue to patronize a store that does not give them a square deal.

PARK TEAM WINS TWO
GAMES OVER WEEK END

Defeats Rushville Furniture Co. Saturday, 7 to 6, and Raleigh Sunday, 12 to 2

HOME RUN BY GOODIN FEATURE

The Park Furniture Company's baseball team triumphed in two victories, defeating the Rushville Furniture Company's team Saturday afternoon by the score of 7 to 6, and Sunday afternoon defeated the Raleigh team at Raleigh, by the score of 12 to 2.

The game Saturday was one of the Saturday afternoon factory league games. The Park team proved to be one point better and the game was a battle from beginning to end. It was played on the West Third street diamonds. One of the features of this game was a home run drive by Goodin, catcher for the Park team, and was probably the longest drive that had ever been made on that diamonds.

Yesterday the Raleigh team was too light to offer much opposition, and the Park team took them into camp by the score of 12 to 2. The game was loosely played but the Raleigh team played in tough luck on several occasions.

TAIL LIGHTS WIN
FROM COLORED TEAM

Defeat Shelbyville Tugs Sunday in Game Featured With Heavy Hitting and Fast Playing

HOMER WILL NOT PLAY HERE

The Rushville Tail Lights continued their winning streak yesterday by defeating the colored team known as the Indiana Tugs, from Shelbyville, by the score of 14 to 4. The local team played the visitors off their feet, hitting the ball to all corners of the lot, and knocking six two pitchers.

The hitting of Conway and the fielding of Sharp were the feature of the game, the former getting three hits in four times at the bat, and the latter coming across with two sensational catches in the outfield.

Next Sunday the Tail Lights will play the fast American Railways Express team from Indianapolis. The Homer team has refused to come to Rushville to play the locals according to the manager of the Tail Lights and it is doubtful whether these two teams will get together this season, as the manager does not care to play in small towns.

MILROY DEFEATS WALDRON

The Milroy baseball team won from the fast Waldron team yesterday afternoon in a game played on the diamonds at Moscow, the final score, being 5 to 4. Thomas and McQuaid were the batteries for Milroy, and Thomas struck out 14 batters. The Milroy team played good ball, and a big crowd was on hand to witness the game.

RECOMMENDS TAX LAW BE CHANGED

Gov. Goodrich Urges Amendment to
Restore Control Over Levies
to Local Units

SPECIAL SESSION MEETS

Also Requests Passage of Bill Pro-
viding For State Memorial to
Soldiers

(By United Press.)
Indianapolis, Ind., July 12.—The
special session of the Indiana legis-
lature, starting at 1:30 o'clock this
afternoon, will complete its work by
next Friday is the view of promi-
nent republican legislators arriving
here for the assembly.

Jesse Eschbach, chief of the state
board of accounts, who was elected
speaker, predicted that the meeting
will be in the final stage by Friday
unless unexpected developments pre-
vent.

There appeared to be an effort to-
day to limit the action of the legis-
lature to purely emergency matters.
Eschbach expected to urge the sus-
pension of the rules, following the
governor's message this afternoon,
and immediately consider the ap-
propriation bills which will provide
money for the state institutions.

Immediately after convening this
afternoon the house got down to
business by the adoption of the res-
olution naming officials of the 71st
general assembly as those of the
present special session.

By this resolution, Jesse Esch-
bach was named as speaker of the
house and his resignation as head of
the state board of accounts was to
be sent to the governor this after-
noon.

Majority members of the house
and senate were scheduled to con-
sider following adjournment today to
take steps toward limitation.

Many of the members prepared to
introduce bills not generally consid-
ered as emergency bills and if this
is permitted, the session will go into
the second week.

Representatives of the Indiana
Federation of Farmers' Associations
conferred with Governor Goodrich
today regarding the proposed ac-
tion of the legislature in legalizing
horizontal property valuations de-
clared illegal by the supreme court
ruling.

Indianapolis, Ind., July 12.—The
Indiana legislature met in special
session today to consider revision of
the tax law, appropriations for the
state institutions, the purchase of
a mine to supply coal for the state
and other measures to be placed be-
fore it.

Convening at 1:30 this afternoon
the senate and house went into
joint session and heard Governor
James P. Goodrich deliver his mes-
sage recommending that it enact
certain laws.

After calling attention to the in-
creased cost of necessities and
pointing to the economy of the state
administration, Governor Goodrich
recommended the following meas-
ures:

1. Amendment of the tax law to
overcome the effects of the ruling
of the supreme court which de-
clared illegal, the horizontal increases
in property valuations ordered by
the tax board. The governor re-
commended these changes:
(a) That control over tax levies
and bond issues be restored to local
taxing units and bond issuing au-
thorities, subject to such appeal as
may be necessary to protect the in-
terests of the tax-payer.
(b) That that section of the law
exempting public securities be so
amended as to make it clear that all
bonds issued and payable out of re-
venue derived from taxation be ex-
empt from taxation.
(c) That the section of the law
exempting real estate from the lien
of taxes be so amended as to make
it clear that the state still retain its
lien for taxes upon the real estate of
the state.
2. Emergency appropriations to
tide the state institutions over to
September 30.
3. Amendment of the county unit
road law so as to embody the sec-
tions lost in the enrolling room of
the last regular session.
4. Appropriation of \$500,000 to

BRAKEMAN SUFFERS LOSS OF HIS LEG

Ray Dye, 23, of Columbus, Falls Un-
der Pennsylvania Train at
Falmouth Today

LEG AMPUTATED BELOW KNEE

Ray Dye, age 23 years, of Colum-
bus, Ind., a brakeman on the Penn-
sylvania railroad, was seriously in-
jured this morning in an accident at
Falmouth where the train was en-
gaged in switching, when the coal
tender and three cars passed over
his body, severing one of his legs
just below the knee, mangleing one
of his hips and lacerating his head.

The brakeman had finished throw-
ing open a switch, and was climbing
on the engine, when he missed his
footing, and fell underneath of the
coal car. Before the engine could
be stopped, the coal car and three
other cars had passed over his body.

Dr. J. E. Walther of Glenwood
was summoned, and his leg was
amputated below the knee. His con-
dition was extremely serious. He
was removed to Shelbyville and will
later be taken to his home in Col-
umbus. Dye was a brakeman on the
southbound local freight, and it is
understood that he is a married man
with a family.

CONFERENCE OPENS TODAY

Rural School Superintendents Are
in Session at Bloomington

(By United Press.)

Bloomington, Ind., July 12.—A five
day conference of rural school su-
perintendents was opened here today
under auspices of the state univer-
sity.

State Superintendent L. N. Hines
made the opening address. The con-
ference was regarded as the climax
of the "Better country school move-
ment." It has been promoted for
several months by rural superinten-
dents.

Among speakers were to be J. W.
Frazier, Charles O. Williams, J. A.
Van Osdel, president of the Indiana
state chamber of commerce.

SPEAKS AT GOWDY CHURCH

dent of the Methodist Children's Or-

last night in connection with the
workings of the school which she
represents.

NEW TRAINS FAIL TO HELP SITUATION

Neither of C. I. & W. Passenger
Trains Carry Rushville Mail and
Stops Only on Signal

LOCAL PETITION IS STARTED

Connersville Chamber of Commerce
to Send Delegation to Cincinnati
At Once

The two new passenger trains that
were added to the C. I. & W. sched-
ule yesterday, were found to be of
little value to Rushville in that
neither train is scheduled for a stop
here unless there are passengers,
and that neither train will carry
mail or express for this city. It was
hoped that the early morning train
from Chicago, arriving here at 5:35,
would carry mail, as the bulk of the
day's mail comes from the west, and
now arrives at 7:05, which makes a
delay in city and rural deliveries.

The two new passenger trains
stop only at Connersville and Ham-
ilton, but will stop here for passen-
gers if signalled. A movement was
on foot this morning among local
business and factory men to secure
a petition, requesting that the two
trains stop here on a schedule, and
leave mail, which would make it pos-
sible for business houses and fac-
tories to receive their morning mail
by seven o'clock, each day.

Neither train carries mail for
Connersville and the manufacturers
and retail dealers of that city are
up in arms over the affair as they
had expected relief when the new
trains were added, especially when
the eastbound train was put on, be-
cause the late arrival of westbound
mail makes the situation worse for
Connersville than Rushville. The
train is due there a half hour later
than in Rushville.

The Chamber of Commerce of
Connersville has taken up the matter
according to word from that city
today, and a delegation of manufac-
turers was making plans today to
make a trip to Cincinnati to inter-
view the C. I. & W. authorities.

This is not the first time that dif-
ficulty has arisen over the early mail
from the west. Since the war started
the mail service has scarcely ever
been satisfactory, due to the late
arrival of the first train from the
west in the morning.

The Connersville Chamber of Com-
merce asks the co-operation of
Rushville manufacturers and retail
merchants in seeking to improve the
situation and Rushville business men
were preparing today to let their
sentiment be known in the form of a
petition which was prepared and
was to be circulated.

L. C. Snodgrass, C. I. & W. agent
was under the impression Saturday
that both trains would carry mail
for Rushville, as they were designa-
ted on the time card which he re-
ceived, as mail trains. He has no
other information in regard to the
trains except the time card.

SPEND DAY AT CITY PARK

People From All Parts of County
Attend Revival Sunday

The Sunday services at the re-
vival meetings being held in the epi-
seum by the United Brethren church
were well attended. People from all
sections of the county came and
spent the day there. Evangelist Gar-
ter preached a very earnest sermon
at 10:30 a. m. The Rev. Mr. Addin-
ton of the Friends church preached
at 2:30 o'clock to a very responsive
audience, after which followed the
praise service in which many took
part.

Evangelist Towns preached last
night. Men and women are being
greatly helped in these meetings, it
is reported. There will be services
every afternoon and night of this
week and the revival will close with
an all day meeting next Sunday.

BIDS ON JACKSON SCHOOL SUBMITTED

Three Estimates on General Con-
tract Vary \$20,000, But Award
Not Made at 3 O'clock

PLUMBING BIDS ALSO OPENED

Ground Already Condemned For Site
But Price Will be Fixed in
the Circuit Court

Three contractors offered bids to-
day for the general construction of
the new consolidated Jackson school
building, which was to be awarded
today by Alva Newhouse, trustee of
the township and the advisory board,
but at three o'clock this afternoon
no decision on the bids had been
reached, although they varied \$20,-
000 between the lowest and highest
bid.

The three bids for general con-
struction were made by Morris Win-
ship of this city, \$54,500; State
Construction Company, Indianapolis,
\$71,675, and Barringer & Tumulty,
Greensburg, \$75,213.

Besides the bids received on gen-
eral construction, O. W. Price sub-
mitted the following bids, \$8,371.04
for plumbing and \$7,636 for heating
and ventilating. Beale Brothers for
the same work submitted a bid of
\$10,775.

F. D. Osborn was the only bidder
for electrical installation and
equipment, offering a Delco-Light
system for \$600.

Before opening the bids an under-
standing was had between the bid-
ders and the township advisory
council, that the building was to be
erected upon selling the bonds,
which will be six percent denomina-
tion. Mr. Newhouse stated that a
banker had just as good as prom-
ised a sale of the bonds, but one of
the contractors stated that the
bonds were not selling very good.

The school ground upon which the
building is to be erected is now be-
fore the circuit court to fix a price
as the three appraisers who were
recently appointed to place an as-
sessment on it, appraised it at \$5,-
000, which the township authorities
deemed was too much, and filed ex-
ceptions to the appraisement value.

At that time, it was pointed out
that in case the contract for the
building was allowed, construction
could be begun, and the price decid-
ed upon later by the court, as the
land had been previously condemned
for school building purposes.

GOV. COX GREET'S ROOSEVELT

Democratic Nominee Meets Running
Mate at Columbus.

(By United Press.)

Columbus, Ohio, July 12.—With
a "delightful greeting" that was sim-
ilar to Theodore Roosevelt, Frank-
lin D. Roosevelt, greeted his running
mate, Governor James M. Cox, at the
station here this afternoon.

After the exchange of congratula-
tions the two nominees went imme-
diately to the executive mansion for
the first important political confer-
ence of the campaign. Judge T. T.
Ansberry, Washington, who nomi-
nated Roosevelt, will attend the
meeting.

Roosevelt declined to make any
statement. "Democracy records will
be vindicated at the polls in Novem-
ber," Governor Cox predicted today
in reply to the welcome given him by
citizens of the state capital.

WANDERER INDICTED

(By United Press.)
Chicago, Ill., July 12.—An indict-
ment of two counts was voted today
against former Lieut. Carl Wander-
er, confessed murderer of his wife.

BOY KILLED BY INTERURBAN

Glen Puckett Goes to Sleep on Track
South of Spiceland

Glen Puckett, a Knightstown boy,
was killed by an interurban car
Saturday night, south of Spiceland,
according to word received here to-
day.

It is presumed that while waiting
for a car, the boy went to sleep on
the track and was run over by the
car. The accident happened about
nine o'clock. Puckett's body was
taken on the car and the remains
were removed to the home of his
parents in Knightstown.

WEEDS ALONG ROAD VIEWED AS MENACE

They Are Unsightly and Give Poor
Impression of County, Accord-
ing to Opinion of Many

A LAW TO COMPEL CUTTING

Many persons have remarked
lately about the condition of strips
of ground along the roads through-
out the county because the weeds
have not been cut. The comment has
been made freely that the proper
officials should compel the cutting
of the weeds by the persons whose
duty it is to do the work.

"I have been trying to find out
who should cut the weeds or have it
done," said a Rushville man yester-
day evening. "I have inquired of
county and township officials who
all agree that there is a law which
says they shall be cut, but none of
them knows who is responsible.

It is a discredit to the county the
way the country roads are. What
will a stranger, driving through here
think of a county which does not
take pride enough to cut the weeds
along the roads. They are unsightly
and spoil the beauties of some of
the best drives in Indiana, which are
to be found right here in Rush coun-
ty. It does seem that farmers who
own this high priced Rush county
land would have enough interest in
their own property to see that the
weeds are cut. Anyway, I register a
complaint right here and I hope the
proper authorities will take it to
heart and get busy."

FACES NEW CHARGE TODAY

Percy Allen of Indianapolis Also
Accused of Sodomy

Percy Allen, the interior decora-
tor who was arrested Friday night
on a charge of encouraging delin-
quency of a minor, today faced an-
other charge of sodomy, and was re-
leased from jail upon payment of
\$500 cash bond, the \$1,000 bond in
the case being lowered to that
amount, and was furnished in cash.
He waived preliminary hearing. The
two charges against him are consid-
ered to be of a most serious nature,
and the prosecuting witness is
Howard Woods, an 11 year old boy.
Allen is 40 years old, and is a resi-
dent of Indianapolis.

Marion County Grants 718 Marriage
Licenses During Month

(By United Press.)

Indianapolis, Ind., July 12.—"Ex-
tra duty for Cupid last month,"
commented Miss Margaret Mahoney,
clerk of the Marion county marriage
bureau today.

Seven hundred and eighteen licen-
ses were issued during June. If
July licenses are issued at the pre-
sent rate, another record is in line
for breakage.

"Many of the applicants were just
of age and many had to ask the
consent of their parents," Miss Ma-
honey said in commenting on the
youthful appearance of many ap-
licants.

An ice cream festival will be given
Thursday night, July 15 at the Cen-
ter church. The public is cordially
invited to attend.

THOUGHT SUFFERER WITH SHELL SHOCK

Emery E. Ayres, Who Stole Corn in
Rush County, Believed to be
Temporarily Insane

SET FREE ONCE BY COURT

Arrested Again For Stealing Auto-
mobile, Escapes From Jail and
is Recaptured

Emery E. Ayres, the young man
from Indianapolis who was arrested
about three weeks ago in Knight-
stown, being found in possession of a
stolen automobile, and some corn,
which he later admitted belonged to
Jesse Wilson of near Mays, and who
has been held in the Marion county
jail, along with Harry Hardacre and
Lawrence Belles, also of Indi-
anapolis, charged with vehicle taking
is believed to be temporarily insane,
and a continuance in his case has
been granted. Ayres also stole corn
off the V. W. Norris farm northeast
of here and sold it, but the money
was recovered.

The following Indianapolis dis-
patch explains the situation:

"The case against Emery E. Ayres,
Harry Hardacre and Lawrence Belles,
charged with vehicle taking, was
continued indefinitely in Criminal
court yesterday, pending the re-
capture of Hardacre, who escaped
from the jail Monday morning, and
the examination of Ayres by a san-
itary commission. Blythe Q. Hendricks,
attorney for Ayres, requested that
an examination of Ayres be made.
Ayres was arrested on a charge of
vehicle taking three weeks ago and
was released without bond by Judge
Collins after a showing that he par-
ticipated in seven major engage-
ments in the world war.

A week later he was arrested with
Hardacre and Belles in another au-
tomobile theft case. He escaped from
jail but was rearrested at his home.
He was playing a dance record on
a phonograph at the time the police
entered the house. Mr. Hendricks
said that he expects to prove that
Ayres has become mentally unbalan-
ced as a result of shell shock. Hard-
acre was last reported to have been
seen near Lexington, Ky., when he
is said to have entered a special car
occupied by prisoners bound for At-
lanta, Ga., Tuesday night. C. E.
Whicker, United States deputy mar-
shal, did not know the man, but
after he left the train one of the
prisoners realized that he recog-
nized Hardacre.

ASK AUTHORITY TO MERGE

Express Companies Want Permis-
sion to Consolidate

(By United Press.)

Washington, July 12.—The Amer-
ican railway express companies to-
day asked the interstate commerce
commission to authorize the con-
solidation of the express transpor-
tation business. The consolidation
would take in the Adams, American,
Wells Fargo and Southern express
companies.

George T. Thomas, president of
the American Express company, told
the commission the express compa-
nies needed \$31,000,000 to carry on
the business. As a consolidated or-
ganization they would have no
trouble borrowing this amount, but
individual companies would have
difficulty, Thomas declared.

Amusements

Story of Village Life

"Seeing It Through," at the Mystic today, tells the charming love affair and crisis in the life of Betty Lawrence. She is a girl who lives with her widowed mother in the little village of Arden. Her mother is not in good health, and after a time is forced to go to a sanitarium to recuperate. This is only made possible by a loan from a strange sinister character of the neighborhood named Ichabod Bogrum.

The little home of Betty and her mother, which is situated in the edge of the Carrington estate, is leased to a rather worthless and slovenly family named Tweeney, through Bogrum. He suggests that Betty come to his house and work for him while her mother is away. The girl is sorely disappointed in the home she finds with Bogrum, but decides not to tell her mother of the disagreeable turn of events, fearing to make her mother worse.

One day she meets Jim Carrington, heir to the Carrington estate, who has been away to war, and the pair fall in love. Betty's mother dies, and she runs away from the home of Bogrum, who, all along, has been plotting to get possession of the Lawrence cottage, and sell it to the Carrington estate. In the end, old Bogrum is brought to justice, and Betty marries Jim, while the careless family in the cottage is brought along the way to good citizenship by the teachings of Betty.

"Fair and Warmer" at Princess

Just ten year ago a pathetic looking young man got off the Cleveland Express in Jersey City. He was the tallest thing you ever saw, blond, pale and disconsolate and unknown. He immediately invested the savings of hard years as a reporter on the Cleveland "Leader" in a New York hall bedroom and a typewriter and made four carbon copies of a play he had brought with him. He sent it to four managers at once. Brady got it because he telegraphed his acceptance, while the three others waited to write theirs. The play was "Clothes," the author was Avery Hopwood. His greatest farce, "Fair and Warmer" will be seen on the Princess Theatre screen today and Tuesday starring May Allison.

Oh yes, such things do happen. You can verify this from Hopwood any night you can catch him at The Lambs. He is still tall but no longer quite so pathetic. "Clothes" made money for everybody connected with it, even the author. His share of the loot he spent in doing the gentleman adventurer act all over the market from Paris to Wiesnchw, buying himself learning and experience. Also "Clothes" first introduced him to Grace George. They dance together divinely now and make a wonderful pair, both so blond and slim and straight.

A Newspaper Man Asks Information About Gasoline Prices

WHAT are the reasons for the advance in gasoline prices?" was asked by the President of a large daily newspaper.

Continuing, the gentleman said: "I can conceive how the cost of a manufactured article might increase as much as 50 to 100 percent because of the increased cost of raw materials, labor, etc.; but it has always seemed to me that the price of a product taken from the ground at a comparatively low cost should not be affected to any marked degree."

This constitutes a fair question, and we are glad of an opportunity to answer it.

Gasoline is refined from crude petroleum by a costly and expensive process, and in the latest series of manufactured article. Time, labor, and heavy investments enter into the manufacture of gasoline from the crude, and each of these necessarily affect the price.

The cost of crude is a dominant factor in fixing the price of gasoline.

The extraordinary demand for petroleum products since the abnormal increases in the cost of labor, machinery, and money necessary for drilling and equipment, all have combined to force upwards the price of gasoline. C. O. B. Whiting from \$1.54 to \$4.39 per barrel in three years, nearly 180 percent.

For the same period the selling price of gasoline has increased but 44 percent.

Since the Armistice was signed, the production of automobiles, tractors, trucks, and other power using machinery, has created a demand for gasoline far in excess of normal. Gasoline reserves have been reduced to an alarming extent, and the bidding for crude oil on the part of refiners generally, has forced prices upward.

The Standard Oil Company (Indiana) having practically no wells of its own is obliged to go into the open market and compete with other refiners for the crude oil it requires.

Because of its acknowledged superior efficiency in manufacturing, the Standard Oil Company (Indiana) under these conditions has been able to exact a marked premium upon the upward sweep of the gasoline market.

Some Interesting Figures

It appears that the principal things soldiers need to fight with—guns, shells, gas, aeroplanes, tanks, etc.—they did not get from America. They had to wait until this country sent them. The Ordnance department of the War department spent \$3,000,000,000 from the beginning of the war until June 1, 1919, as much as it cost to finance the entire Civil war. A large part of it was spent in a program of manufacturing artillery and ammunition. All of the facts and figures were compiled by the House Committee on Expenditures in the War department and this committee reveals that the following is all we got for our money:

We had 53 contracts for 37-million shells on which we expended \$1,194,582. Not one of these shells ever reached our firing line.

We had 689 contracts for 75-million shells on which we expended \$391,941,459. Of these shells we fired 6,000.

We had 142 contracts for 3-inch shells on which we expended \$41,841,844. None of these shells reached the firing line.

We had 439 contracts for 4.7 shells on which we expended \$41,716,051. Of these shells 14,000 were fired by our forces.

We had 305 contracts for 6-inch shells on which we expended \$21,499,075. None of these ever reached the firing line.

We had 617 contracts for 155-million shells on which we expended \$24,126,667. None of these ever reached the firing line.

We had 391 contracts for 8-inch shells on which we expended \$31,321,247. None of these ever reached the firing line.

We had 152 contracts for 240-million shells on which we expended \$24,126,667. None of these ever reached the firing line.

We had 239 contracts for 9.2 shells on which we expended \$34,380,377. None of these ever reached the firing line.

We let 111 contracts to the amount of \$178,926,345 for the construction of artillery of all calibres, guns, howitzers, gun carriages, limbers and recuperators. Of this immense program of expenditures there reached our troops and were actually used in combat 39 75 millimeter anti-aircraft mount trucks, 48 4.7 inch guns of the 1906 model, 48 4.7 inch gun carriages of the same model, 24 8-inch howitzers and 24 8-inch gun carriages.

To sum up we furnished our troops for use 6,000 of the 75 millimeter shells, 14,000 of the 4.7 shells, 48 of the 4.7 guns and only 24 8-inch howitzers.

While Attorney General Palmer was using the government's time and high cost of living investigation organization to promote his candidacy for the democratic nomination for president, he might have acted on the recommendation of the special senate committee which urged the prosecution of newsprint manufacturers whose profiteering has resulted in many small newspapers being compelled to go out of business.

If Congress later on undertakes to legislate campaign funds, as there is talk that it will, it will fall far short if it does not reach to the subject of propaganda put out at public expense by officials who aspire to the presidency. A public office should not be prostituted into an advertising agency for the official that holds that office. Never before the present administration, has this reprehensible practice been so flagrantly prevalent.

New York, July 12.—New York will hold the center of the stage in amateur boxing and wrestling today and tomorrow during the final trials that will determine the makeup of the glove and matt men of Uncle Sam's Olympic team.

The boxing finals are to be held in the 69th Regiment Armory, and they will bring together the winners of the sectional trials held in Los Angeles, Philadelphia, Boston and Pittsburgh.

The wrestling classes will comprise both the Greco-Roman and the catch-as-catch-can style in 121, 135, 154, 175 and 220-pound divisions.

Winners of both the boxing and wrestling trials will sail Sunday on an army transport with the track and field team and the swimmers for Antwerp.

What Franklin owners tell you about their cars is not the enthusiasm of inexperienced motorists. Nearly 95% of all Franklin owners have previously owned other cars, and they know what they are talking about.

The FRANKLIN

20 miles to the gallon of gasoline
12,500 miles to the set of tires
50% slower, yearly depreciation

(National Averages)

These are the owners' averages that have made the name Franklin synonymous with motoring economy the country over.

80% increase in production, 150% increase in demand—these figures show what motorists think of the rest of the Franklin story:

Comfort over all roads
Reliability that never varies

SOCIETY

Mrs. and Mrs. Irvin Walker of Kings and Mr. and Mrs. Ray White were the dinner guests yesterday of Mr. and Mrs. Wayne Working at their home in Raleigh.

Misses Mary Whitton, Hazel Wilson and Nellie Kirkham and Harold Steele, Teddie Stoten and Will Kautsinger, all of Mays, enjoyed a picnic yesterday at Hillsdale Park, near Greensburg.

The S. E. T. club is planning to hold a picnic for next Friday, and all of the members are urged to communicate with each other and assist in the plans. The place for holding the picnic has not been decided upon.

The Ladies Aid Society of the First United Presbyterian church will be entertained tomorrow afternoon at the home of Mrs. Sarah Kennard in West Second street. All the ladies are urged to attend this meeting.

The name of Mrs. Clara Ruddell was unintentionally omitted in the list of names of the women attending the picnic dinner given at the home of Mrs. Edwin Lee, honoring Mrs. Lillie Armstrong of Jackson, Mo., Friday.

Mr. and Mrs. John Parrish and family and Margery Parrish of Indianapolis were the week-end guests of Mr. and Mrs. Hubert Innis of near Milroy. Mr. and Mrs. Jake Parrish entertained with a dinner party today at noon in honor of Mr. and Mrs. Innis' guests.

Mr. and Mrs. E. R. Casady entertained with a prettily appointed six o'clock dinner party last evening at their home in North Main street, the following guests: Dr. and Mrs. J. E. Walther of Glenwood, Mrs. Alice Bennett of Chicago, Mr. and Mrs. Will Bennett and daughter, Alice Frances and Miss Irene Geraghty.

The Ladies Aid Society of the Pleasant Ridge M. E. church will meet Wednesday afternoon at the home of Mrs. W. E. Jones south-west of the city. All members of the society are urgently requested to attend this meeting.

The meeting of the Loyal Daughters class of the Main Street Christian church which was to have been held at the home of Mrs. Harry McManus Tuesday evening, has been postponed until week from Tuesday evening and at that time it will meet with Mrs. McManus.

The approaching marriage of Miss Grace Couch, daughter of Mr. and Mrs. Will Couch of this city to William O'Brien of Connersville, was announced yesterday morning at the St. Mary's Catholic church. Both young people are well known in this city. The marriage will take place in three weeks.

The Psi Iota Xi sorority will be entertained tomorrow afternoon at the home of Miss Gladys Wallace in North Perkins street. The party will be in honor of Miss Jeanette Clark, who will be united in marriage to Floyd Kirklin of Muncie the latter part of the week. The assisting hostesses will be the Misses Leah Flint and Mary Jane Carr.

Mr. and Mrs. J. H. Scholl entertained a number of guests yesterday at a family dinner and among those present from Connersville and vicinity were Mr. and Mrs. W. H. Scholl, Mr. and Mrs. Lewis Scholl and sons John and David, Mr. and Mrs. George Junkins and son Faye, Mr. and Mrs. Elmer Newland and son Donald, Mr. and Mrs. Forrest Shewalter and son Frederick, Mr. and Mrs. Lloyd Williamson, Mrs. Nellie V. Stelle, Miss Emma White and Estey R. Scholl.

Former residents of Greteville held a reunion at Riverside Park, Indianapolis, yesterday. At noon

those present enjoyed a bountiful picnic dinner. The guests were Miss Mazie Boyd, Mr. and Mrs. Sam Finney, Mr. and Mrs. Forbes Yaw and Jesse Bailey of Rushville; Mr. and Mrs. Harold Miller, Mr. and Mrs. Cyrus Hall, Mr. and Mrs. Harry Hall of Indianapolis, Mr. and Mrs. Barton Caldwell of Southport, Mr. and Mrs. Ray McDonald of Greenwood and Mr. and Mrs. Walter Hall of Shelbyville. The day was an immense success and the same crowd hopes to hold a reunion again next year at the same time.

Mr. and Mrs. Ernest Linville were delightfully surprised Friday evening at their home west of the city, honoring Mrs. Linville's birthday anniversary. A bountiful picnic supper was served and the guests enjoyed the evening in dancing and playing games. Music was furnished throughout the evening by Tom Miller and Waldo McQuire, violinists, William Mansfield on the guitar and Mr. Linville at the piano. Those present were Mr. and Mrs. Tom Meek, Mr. and Mrs. Willard Brown, Mr. and Mrs. W. W. Wilcox, Mr. and Mrs. Thomas Miller, Mr. and Mrs. John Gibson and daughter Frances, Mr. and Mrs. John Warfield and family, Mr. and Mrs. Waldo McQuire and daughters Olive and Fae, and the Misses Opal, Reta, Ruby, Pearl and Fae Linville, Alha Mae Byrd and Marjorie Byrd, Herbert Stevens, William Mansfield, and Forrest and Parvel Moore.

Miss Leah Marie Butler, daughter of Mr. and Mrs. John A. Butler of Carthage, and Charles Lindley Finney, son of Mr. and Mrs. Alonzo Finney of Anderson, were married late Saturday afternoon by the Rev. C. S. Black at St. Paul's M. E. church parsonage. The father and sister of the bride witnessed the ceremony. Mr. and Mrs. Finney left immediately for Anderson where they will reside. Mr. Finney has a position in an automobile factory in Anderson.

INDIANA WOMEN ARE GOING ABROAD

Selected Party of Women Will Leave N. Y. Aug. 7 and Begin a Tour of Western Europe

3 INDIANA WOMEN IN CROWD

Will Travel Under The Protection of The State Department of the Government

Indiana is to be represented in the personnel of the party comprising the United States Women's Special, which will leave New York, August 7, on the S. S. Patria of the Fabre Steamship Line, and begin a tour of Western Europe at Naples, Italy, on August 20. This is the crowning event of the half century of organized effort of womanhood. This great honor is accorded to thirty women in the United States. Mrs. S. R. Artman of Indianapolis and Mrs. W. D. Clark and Mrs. Geo. E. Leggett of Winchester will be in the party.

The party is composed of the President of the National Council of Women, Mrs. Philip North Moore of St. Louis, Mo., ten delegates and ten alternates from the National Council of Women of the United States, whose final destination is Christiania, Norway, where the International Council of Women will hold their Quinquennial Convention in September. The remainder of the party is made up of invited guests chosen to represent various sections of the country or some special club activities. The party will occupy a private car and be accompanied by a special physician and a competent secretary and an official attache.

The party travels under the protection of the State Department of the government, and will be received in each of the countries they pass through officially. Arrangements have already been completed to have the party received by the King and Queen of Italy, Queen Maude of Norway, and many other officials of distinction. In each country they will be officially received by the National Council of Women in that country, and the ladies will be given

an opportunity to see conditions as they really are, unbiased social workers in these countries will give them the correct conception of existing conditions.

William E. Bell, Vice President and General Manager of the American International Traffic & Travel Bureau, of New York City, is personally taking charge of the details of the journey, much to the gratification of the party.

A special feature will be an auto tour of the battlefields. After touring Western Europe and attending the International Convention, the party will visit Great Britain and will be received by Lady Aberdeen, the Marchioness of Aberdeen and Temair. The party is due to arrive back in America, October 17th, on board the S. S. Stavangerfjord of the Norwegian Line, after being guests of the National Council of Women of Great Britain and Ireland at their annual meeting in Bristol.

These delegates from the United States represent 13 million women, because the National Council of Women is the great clearing house for practically all the national organizations of women in the country. Its membership includes groups working along many and various specialized lines such as the Ladies of the G. A. R., the National Federation of Colored Women, Ladies of the Maccabees, Federated Musical of the Maccabees, Federated Musical Temperance Union, as well as such organizations as those of the College Women, General Federation of Women's Clubs, National League of Women Voters, and allied organizations working along lines of education and culture. It practically includes all the organized womanhood. There are twenty nine organizations belonging to it.

The officers of the United States Council are: President, Mrs. Philip North Moore, of St. Louis, First Vice President, Mrs. Nathaniel E. Harris, of Bradford, Pa.; Second Vice President, Mrs. Frances E. Burns, St. Louis, Mich.; Third Vice President, Mrs. Josephus Daniels, of Washington, D. C. Fourth Vice President, Prof. Marion P. Whitney, of Vassar College, Poughkeepsie, N. Y. Miss Helen Taft, of Bryn Mawr College, Pa. Recording Secretary, Mrs. Myra Kingman Miller of New York City, Corresponding Secretary, Dr. Emma E. Bower, Port Huron, Mich.,

Treasurer, Mrs. Ruth May Fox, Salt Lake City, Utah. Auditor, Miss Lucy F. Anthony, Moylan, Pa., Historian.

Thirty civilized nations have National Councils of Women that in turn belong to the International Council of Women which is the world's clearing house for the activities of womanhood. The party, therefore which attends this convention and tours Europe under these most unusual conditions and interesting arrangements in this period of the world's history occupies an unparalleled position; unequalled in its potentialities.

PROVISION IS MADE TO ENLIST 20 CATS

R. A. F. Secures Order to Provide Cats to Catch Mice That Are Destructive in Planes

ALLOWED 8 CENTS A WEEK

(By United Press.) London, (By Mail)—Twenty cats have enlisted in the Royal Air Force.

At a vast R. A. F. depot in outer London, owing to the ravages of mice among the stores of blankets, parachutes, etc., application was made to headquarters for twenty cats to be officially recognized as mouse catchers.

Official permission was given, and it came back with all the formality of a grant for twenty airplanes. It was headed: "Grant for Upkeep of Cats," and continued thiswise:

"I am directed to inform you that approval is given for the expenditure of fourpence (8 cents) per cat per week on food. The claim should be preferred through the General Services Pay Officer. I am to request that you will state how many cats you consider necessary, etc., etc."

The depot is now known as "The Cats' Paradise," for they work only when they feel inclined and plenty of "grub" is assured.

The Crown.
The crown as a symbol of royalty was first introduced to Europe by Alexander the Great, who followed the Persian usage.

Clothing History for Rushville

not equaled by any other city of same size in the United States

More QUALITY MERCHANDISE HAS BEEN SOLD BY THIS FIRM than any other concern ever sold in the same sized town. We give the credit of our tremendous trade Thursday, Friday and Saturday to quality, as much as low price.

Only one way to practice economy, and that is to buy quality.

Some "Fish Stories" are true, but you never know when to believe them unless you actually see the fish caught. Same thing applies to CHEAP SALES. Papers full of all kinds every day; less than one-tenth of them are on the square, so you had better look them all over carefully, and see that you are getting exactly what you pay for.

Ten Thousand Dollars SOLD IN THREE DAYS That Tells the Story.

Impossible to have done it only with honest merchandise and honest reductions. Very easy to print \$50.00 values at \$19.45, but hard to produce. That is what we want to impress upon your mind, the greater the reduction the smaller the bargain. Something is always wrong with the merchandise if it is in the half price column.

Our great Going-Out of Business Sale has only begun. If you have not been here yet, do not fail to come as we have a store full of real bargains for you.

Have Pains?

Aches and pains seem to be the lot of the ordinary mortal. However, these should be taken simply as nature's warning signals that some part of the human machine is out of order. It is a mistake to resign one's self to physical torture when the cause can be removed.

Foley Kidney Pills

tone up weak, inactive, sluggish kidneys and help rid the blood of poisons; waste matter that causes aches and pains in arms and legs, backache, rheumatic pains, sore muscles, stiff or swollen joints.

Isaac B. Turnman, Ashbury Park, N. J., writes: "My back caused me a great deal of trouble for some time. I experienced sharp, shooting pains which were due to the condition of my kidneys. One bottle of Foley Kidney Pills completely relieved me. The pains left my back. I recommend Foley Kidney Pills to my friends."

F. B. JOHNSON

AN ERROR

of 2 millimeters in measuring the distance between the pupils of the eyes, when fitting glasses, may seem insignificant but in reality would cause you much pain and discomfort in certain forms of eyestrain. Our eye examinations are so carefully and skillfully performed that errors are, virtually impossible.

 IT WILL HAVE BEEN 15 YEARS SINCE WE OPENED OUR LITTLE STORE IN RUSHVILLE.
 In that time we have seen a complete change in the personnel of the grocery business, not a firm remains the same and only two men are in the business that were in it at that time. Through all these years we have been growing and today the volume of our business is greater than ever before. The fact that we have grown and are still growing is the best argument we have to offer in asking for your patronage. Folks don't continue to patronize a store that does not give them a square deal.

PARK TEAM WINS TWO GAMES OVER WEEK END

Defeats Rushville Furniture Co. Saturday, 7 to 6, and Raleigh Sunday, 12 to 2

HOME RUN BY GOODIN FEATURE

The Park Furniture Company's baseball team triumphed in two victories, defeating the Rushville Furniture Company's team Saturday afternoon by the score of 7 to 6, and Sunday afternoon defeated the Raleigh team at Raleigh, by the score of 12 to 2.

The game Saturday was one of the Saturday afternoon factory league games. The Park team proved to be one point better and the game was a battle from beginning to end. It was played on the West Third street diamonds. One of the features of this game was a home run drive by Goodin, catcher for the Park team, and was probably the longest drive that had ever been made on that diamonds.

Yesterday the Raleigh team was too light to offer much opposition, and the Park team took them into camp by the score of 12 to 2. The game was loosely played but the Raleigh team played in tough luck on several occasions.

TAIL LIGHTS WIN FROM COLORED TEAM

Defeat Shelbyville Tugs Sunday in Game Featured With Heavy Hitting and Fast Playing

HOMER WILL NOT PLAY HERE

The Rushville Tail Lights continued their winning streak yesterday by defeating the colored team known as the Indiana Tugs, from Shelbyville, by the score of 14 to 4. The local team played the visitors off their feet, hitting the ball to all corners of the lot, and knocking out two pitchers.

The hitting of Conway and the fielding of Sharp were the features of the game, the former getting three hits in four times at the bat, and the latter coming across with two sensational catches in the outfield.

Next Sunday the Tail Lights will play the fast American Railways Express team from Indianapolis. The Homer team has refused to come to Rushville to play the locals according to the manager of the Tail Lights and it is doubtful whether these two teams will get together this season, as the manager does not care to play in small towns.

MILROY DEFEATS WALDRON

The Milroy baseball team won from the fast Waldron team yesterday afternoon in a game played on the diamonds at Moscow, the final score being 5 to 1. Thomas and McQuaid were the batteries for Milroy, and Thomas struck out 14 batters. The Milroy team played good ball, and a big crowd was on hand to witness the game.

HOMER WINS SUNDAY

Homer baseball fans were given another treat yesterday afternoon when their team defeated the fast Lewisville aggregation by the score of 13 to 5. Homer has played great ball this season and has lost only one game. Lewisville also has a good team but were outclassed yesterday in the game at Homer.

all about everything, but we do know all about the cleaning, dyeing and pressing business.

WHY YOU SHOULD BE OUR CUSTOMER

We do not belong to any national organization or any trust of dry cleaners. We are experienced in cleaning all kinds of clothes. No one helps to make our prices. We save you money.

WHY PAY MORE?

Therefore the people of this vicinity think we have earned the right to the name of

Rushville's Leading Dry Cleaners.
